

# POOH STICKS

~ Pooh Sticks is a game that Pooh and friends play together on a warm and sunny day ~

1. Find a Bridge over a stream (To find a bridge you may need a map)
2. Find some Sticks (You must do this before you arrive at the bridge)
3. Select a stick and show it to each other and make sure you are clear which stick is whose
4. Check which way the stream is flowing and face the stream upstream
5. Choose someone to start the game, he/she is the 'Starter'
6. Everyone stand side by side facing 'upstream'
7. Each one hold his/her stick at arms length over the stream
8. Starter must call "**Ready-Steady-Go!**" and everyone must drop (and not throw) their sticks in the water at the same time
9. At this point all the players must cross to the downstream side of the stream
10. Look over the edge for the sticks to emerge

The owner of the first stick to float from under the bridge is the winner
